9 TYPES OF WARS, ENMITY & WAYS OF 'HATING' RISE OF REMOTE WARFARE, IN THE DIGITAL, AI & SOCIAL MEDIA ERA

Join Dr. Ofer Zur for an eye-opening discussion on the rise of remote warfare in the 21st century. Explore how drones, cyberattacks, sexualization and dehumanisation of the enemy and AI-driven weapons are reshaping conflicts, challenging ethics, and impacting global security.

Learn about the psychological, societal, and geopolitical consequences of waging war from a distance - and what it means for the future of humanity.

Key Topics:

- The technology driving remote warfare.
- Ethical and legal dilemmas.
- Global power dynamics and societal impacts.

Who Should Attend:

Anyone interested in peace, technology, ethics, global security, or modern conflict.
