

Therapeutic Ethics in the Movies, 26 Ways to Protect your License, and Ethical-Moral Junctions in Therapy

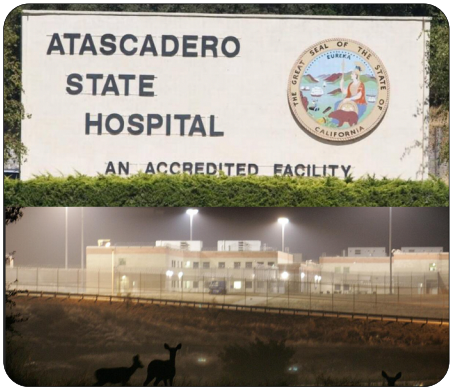

Presenter: Ofer Zur, Ph.D.

Atascadero State Hospital 3/26/24 - Zoom

Program Description:

Dr. Zur uses vignettes from popular movies and television shows to teach therapists about boundaries and ethical issues, highlighting and clarifying ethical ambiguities. He examines what constitutes ethical practice, including current issues on digital and telehealth ethics. Dr. Zur will outline common licensure complaints and lawsuits and the steps to take to protect oneself against these common complaints. He also explores the significance of context, personal values, and moral junctions faced by mental health professionals.

This training is intended for licensed mental health practitioners, case managers, clinic administrators, and prevention and outreach coordinators who possess training, knowledge, and experiences in delivering mental health services. Instructional level of the activity will range between introductory and intermediate level.
